

FIXING BALL MARKS

**The Right Way –
Hours to Heal**

1. Place divot tool in ground directly around ball mark.
2. Push the earth forward over top of the mark.
3. Do this repeatedly around entire ball mark until filled.
4. Gently tap down the mark with your putter.

**The Wrong Way –
28 Days to Heal**

This causes the grass roots to tear and creates a round brown spot on the green. None of us like putting over them.

THE RULES OF READY GOLF

- ◆ Do not use the honor system – if a player is ready, play away.
- ◆ Ready Golf means thinking ahead so that you are ready to play when it is your turn.
- ◆ Keep your pre-shot routine down to 15 seconds or less, especially on the greens. Putt continuously until you hole out.
- ◆ Good golf etiquette does not mean staying ahead of the group behind you – it means keeping up with group in front of you.

PLEASE REPLACE YOUR DIVOTS

Please replace your divot wherever possible. If any exposed grass roots are still showing please cover that portion with the sand and seed that is in the bottles on your golf car.

**Thank you
for your cooperation!**

RULES AND INFORMATION:

1. RCGA rules govern play except as modified by local rules.
2. Red stakes: lateral hazards.
3. All golfers are permitted on the course on the basis that they keep pace with the group in front of them. Groups unable to keep this pace will be asked to catch up by the Course Marshall.
4. Golf cars must obey our signs.
